## **.....And the Winners are?** ***SPASA acknowledge Excellence***

Extraordinary achievement in creativity, innovation, design and service from pool and spa companies were recognised at the recent Swimming Pool and Spa Alliance (SPASA) annual Awards of Excellence.

Representatives from all sectors of the pool and spa industry gathered to celebrate the industry's 'best of the best', at Oatlands House, OATLANDS NSW on June 14.

According to SPASA CEO Spiros Dassakis, the annual celebration of excellence was the culmination of months of tireless work by SPASA members who constantly strive to set new pool and spa industry benchmarks.

"Every year we are seeing more and more amazing entries for pools, spas, products, service and sales – this year was no exception. Consumers are ultimately the winners with such a high calibre of industry professionals servicing our industry."

Now into their 28th year, the SPASA Awards are judged by an independent panel who painstakingly critique the finest achievements within; Retail, Service, Sales, Products, Manufacturing and Construction.

"All winners should be extremely proud of their achievements. Their SPASA award validates all their hard work and commitment to delivering the very best for their business and the consumer."
